

AZURE MIDSTREAM WINS SECOND PLACE GPA MIDSTREAM COMPANY SAFETY AWARD

March 12, 2018 - Azure Midstream won a Second Place GPA Midstream Association Company Safety Award for our 2017 safety performance record. GPA Midstream Association will present awards in recognition of this accomplishment during the new Center Stage Luncheon at the GPA Midstream Annual Convention. This grand celebration will be held Monday, April 16, 2018 at the J.W. Marriott in Austin, Texas. Accepting the award on behalf of Azure Midstream will be Eddie Perrin and Mike Krimbill.

The awards are based on total man-hours worked during the year. Companies are divided into Divisions I through IV, with Azure winning Second Place in Division III for 2017. Since Azure had no recordable incidents during 2017, the difference between 1st and 2nd place is the number of man-hours worked.

The management team proudly commends our operating team for continuing their fantastic safety record as 2017 marks is the 5th consecutive GPA award for either 1st or 2nd place. For more information regarding Azure's safety performance, [click here](#).
